Author index to volume 109

Anson, J.G., <i>see</i> Mohagheghi, A.A.	113
Ansorge, U., Spatial intention–response compatibility	285
Bennett, S.J., <i>see</i> Button, C.	75
Blanco, M.J. and D. Soto, Effects of spatial attention on detection and identification of oriented lines	195
Borg, G., <i>see</i> Borg, E.	157
Borg, E. and G. Borg, A comparison of AME and CR100 for scaling perceived exertion	157
Brennan, D. and C. Stevens, Specialist musical training and the octave illusion: analytical listening and veridical perception by pipe organists	301
Button, C., K. Davids, S.J. Bennett and G.J.P. Savelsbergh, Anticipatory responses to perturbation of co-ordination in one-handed catching	75
Cherubini, P., <i>see</i> Mapelli, D.	57
Clarys, D., M. Isingrini and K. Gana, Mediators of age-related differences in recollective experience in recognition memory	315
Cornoldi, C., <i>see</i> Mäntylä, T.	95
Davids, K., <i>see</i> Button, C.	75
Franssen, V. and A. Vandierendonck, Time estimation: does the reference memory mediate the effect of knowledge of results?	239
Gana, K., <i>see</i> Clarys, D.	315
Hart, M.A. and T.G. Reeve, Influence of practice on response-selection and response-implementation processes involved in the response-interference effect	177
Hoffmann, J., <i>see</i> Kunde, W.	137
Isingrini, M., <i>see</i> Clarys, D.	315
Kappers, A.M.L., Haptic perception of parallelity in the midsagittal plane	25
Kunde, W., J. Hoffmann and P. Zellmann, The impact of anticipated action effects on action planning	137
